# WE'RE CREATING A BUZZ

---

" This citrusy, layered chardonnay is great on its own, but really begs to be sipped alongside its namesake: a New England Clambake. "

- The Daily Meal

" It's not that '90s stereotype of oaky, popcorn buttery chard. It is finessed, with tons of fresh acidity that makes it dangerously easy to guzzle. "

- Pith + Moment

" The Clambake Chardonnay is the ideal companion for summer seafood. "

- Hamptons Magazine

" This is the perfect wine for a clambake. It's so delicious you might just want a glass of it for any occasion. "

- Gastronomista

" The Clambake Limited Edition Rosé is a crowd-pleasing dry rosé with a refreshing body, excellent balance, subtle intensity, impressive complexity, and pairs perfectly with seafood. "
